CORPORATION

Has Been Formed to Facilitate American Trade With Neutral Nations

AFTER THE MANNER OF HOLLAND

No Announcement of Program Expected Today

LETTER FROM REDFIELD

Shows His Interest In the Project—Belligerents Will Be Given Assurances That Shipments Will Contain No Contraband and Will Not Reach Enemy Countries.

New York, Oct. 27.—The American Overseas corporation formed to facilitate American trade with neutral nations somewhat after the manner adopted by the merchants of Holland in the Netherlands Overseas trust, met here today to complete its organization and discuss details of its policy. The idea of the corporation is to give assurances to belligerents that its shipments are non-contraband and will not reach enemy countries.

Indications were that the meeting would be a lengthy one and that any announcement of program would not be forthcoming until late today.

It was considered possible that today's discussion might not crystallize upon any program, and that it would be continued at a later meeting.

A letter from Secretary Redfield of the department of commerce, expressing his interest in the project and co-operation along certain lines was placed before the meeting. Another matter which it is expected to discuss was the detailed methods pursued by the Netherlands Overseas trust which virtually controls the entire foreign trade of the Netherlands, incoming and export.

REDFIELD OUTLINES GOVERNMENT ATTITUDE TOWARD CORPORATION

Washington, Oct. 27.—Secretary Redfield in a letter to officers of the new American Overseas corporation today outlined the attitude of the government toward the new concern. The letter made it clear that officials and agents of the department of commerce will co-operate with the new company to insure that the trade handled by it is absolutely impartial and neutral.

The new corporation proposes to facilitate American trade with neutral countries by giving assurances to belligerent governments in Europe that all shipments handled through the concern are non-contraband, for neutral consumption, and will not reach enemy countries.

While Secretary Redfield takes the position that this government cannot be a party to any guarantee of this character, he is willing to co-operate with the new company to the extent that agents of the department abroad, will be directed to ascertain the complete neutrality of shipments made through the Overseas corporation.

The co-operation of the department, however, is conditioned upon (Continued on Page 2, Col. 2.)

AUDITOR MUST PAY EXPENSES FOR LUXURIES

FLOWERS, MUSIC, ENGRAVED INVITATIONS AND FRUITS CHARGED TO STATE

For Entertainment at the Ohio Building at Exposition, Court Decides are Legitimate.

(Associated Press Telegram)
Columbus, Oct. 27.—State Auditor Donahey must pay bills for groceries, flowers, music, other luxuries including fruits and engraved invitations contracted for the Ohio building at the Panama-Pacific exposition by Newton M. Miller, directing commissioner from Ohio, as a result of a decision handed by the court of appeals today.

The court upon application of Attorney General Turner issued an order directing Donahey to pay the bills. Creditors in San Francisco had threatened to seize the Ohio building unless their claims were paid, and to prevent this action the attorney general had asked the court to order the auditor to settle.

The bills amount to \$399.92 and were incurred under an appropriation of \$10,000 made by the legislature for the maintenance of the Ohio building. The auditor had refused to allow the bills to be paid on the ground that the expenditures were not legal. When Commissioner Miller learned of the auditor's action he asked Attorney General Turner to take steps to compel the payment of the claims.

The decision was rendered by Judge Albert Kunkle and James L. Allread. Assistant General Ballard represented the attorney general while the auditor was represented by Attorney Edward L. Hineman (Continued on Page 2, Col. 2.)

SLAUGHTER

Of Christians and Burning Of Churches in China Are Reported

IN LETTERS FROM PRIESTS

WHO MADE THEIR ESCAPE

Military Unable to Check the Mob Which Wreaked Vengeance On the Native Christians and Their Property—Uprisings Are of Frequent Occurrence Far From Military Centers.

(Associated Press Correspondence.)
Peking, Sept. 29.—Letters from Belgian priests telling of the burning of churches and the slaughter of Christians in Kansu have been received by the Belgian legation in Peking and by Father Hoogers, who is in charge of the Belgian mission headquarters in Shanghai.

The uprising occurred at Hsien on August 15. It was at first reported to have grown out of the movement to change the form of China's government, but this probably is not true.

Chang Chao, leader of the riot which was largely a demonstration against oppression on the part of officials who have levied excessive taxes. The Christian churches were burned and five Chinese Christians were killed by the mob which numbered 2,000 at the time the Belgian priests made their escape.

All the Christians and thousands of other natives fled into the hills from Hsien. Most of the property of the Christians was destroyed. The military was unable to check the mob, which moved on toward the large city of Kingyangtu. This riot is typical of uprisings occurring frequently in some of the interior provinces far from military centers. Szechuen province, which adjoins Kansu province, is one of the most turbulent sections of China. General Chen Yi, governor of Szechuen, recently obtained \$600,000 from the central government for the suppression of brigandage.

Fifth Man Surrenders Himself To Police; Charged With Conspiring To Destroy Munitions Laden Ships

(Associated Press Telegram)
New York, Oct. 27.—Max Breitling, the fifth man named in the conspiracy which federal detectives allege was formed for the purpose of destroying ships laden with war munitions for the allies, surrendered today to the authorities. He appeared before United States Commissioner Houghton, accompanied by counsel, and after the government's complaint had been read to him, he was held in \$25,000 bail for further hearing next week.

Breitling, who is a relative of Edward N. Breitling, the banker of this city, and Marquette Mich, furnished the necessary bond and was released. He came here directly from Chicago, he said, as soon as he heard of the proceedings in order to give himself up.

Lieutenant Robert Fay, Walter L. Scholz, Paul Daech and Dr. Herbert Kienle, charged with being conspirators, with Breitling, were still held in jail today. Their hearing is also set for next week.

Government detectives are busily engaged in an investigation of the alleged plot, and it was said new developments might be expected soon.

Federal secret service agents under the direction of William J. Flynn today continued their investigation of the stories told by Lieutenant Robert Fay, of the German army, and others alleged to be concerned in the plot to blow up war munition vessels or supply plants in America.

Meanwhile they awaited the arrival here of Max Breitling, who is named in the complaint filed by Chief Flynn as one of the alleged conspirators. Breitling left Chicago yesterday and was expected to arrive here today.

It was reported today that after Breitling had been taken into custody of the federal authorities, they would make further disclosures indicating that the conspiracy was the most serious plot uncovered in this country since the war began.

None of the federal officials would admit that any persons higher up in the conspiracy were sought, despite reports that Fay and Walter Scholz were acting under the direction of superiors.

Paul Sieb, who has been living in New York under the name of Karl F. Opegaade since last February and who acted as a broker in the sale of some of the explosive ingredients sold to Fay, is quoted today as saying that two months ago Max Breitling asked him to buy 360 pounds of potassium chlorate. Sieb said he sold the chemical to Breitling for \$110. Two weeks ago, he said, Dr. Herbert Kienle asked him to buy 100 pounds of trinitrotoluol for Fay and that Dr. Kienle introduced him to Fay. He said he obtained 25 pounds of the chemical and sold it to Fay.

Fay admitted he wanted to blow up something with the TNT, but he did not mention destroying ships at sea. He said he wanted to blow up the main chemical plant in this country which was supplying a certain acid to the manufacturers of high explosive shells.

"He said they would go to this plant at night when no one would be there and so no lives would be lost. I know now that it was a fake story told for my benefit."

The plot became known to the authorities when the man from whom Sieb bought his chemicals reported the purchases of explosives to the French naval attaches here and he in turn notified the police.

ANOTHER SPY EXECUTED.
London, Oct. 27.—Official announcement was made today that another spy had been put to death. The announcement says the prisoner charged with espionage, was tried by the general courtmartial, found guilty, and sentenced to death. This sentence was confirmed, and was carried out this morning.

Field Marshal Von Hindenberg's tremendous offensive against Dvinsk continues, but thus far has not advanced sufficiently to shake the Russian defenses. South of the Pripiet the Austrians are struggling to regain the initiative.

Exhaustive investigations into the question have been conducted both by the Federal trade commission and by the foreign and domestic commerce bureau. Efforts to build up an American dye-stuff and chemical industry to compete with the German monopoly in those lines have been hampered by fear that German manufacturers would cut prices here immediately after the war. To prevent that officials have decided that some legislation to protect manufacturers is imperative.

Numerous suggestions of tariff legislation with an added duty on goods to be sold at less than the cost of production, have been generally rejected. Administration officials have been opposed to "anti-dumping" laws which contemplate tariff changes. Secretary Redfield has made it clear that he will urge legislation making "dumping" unfair competition under the anti-trust laws.

Washington, Oct. 27.—Administration plans for legislation to protect American manufacturers from foreign competition after the European war were discussed with President Wilson today by Secretary Redfield and Chairman Davies of the Federal Trade Commission. They submitted tentative proposals for legislation to make unfair competition by foreigners "unfair competition," punishable under the anti-trust laws.

MIRACLE

Will Have To Be Performed To Save Serbia From Disaster

PLIGHT BECOMES MORE DESPERATE

Resistance Probably Will Not Avail

DISTRESS APPEAL MADE

To England to Hurry More Troops to Serbia's Aid As Soon As Possible—Hindenberg's Tremendous Offensive Has Not Been Able Yet to Shake Russian Defense.

(Associated Press Telegram)

London, Oct. 27.—The desperate plight of the Serbians which has been described ever since the beginning of the Austro-German and Bulgarian invasions as "an affair of national life or death," is no longer a historical phrase but the literal truth. London's optimism regarding the outcome of the Balkan conflict, which had been colored by reports of the determined Serbian resistance and the difficulties which the invaders are meeting, has now yielded to the conviction that it will take something in the nature of a miracle to avert a disaster for Serbia.

Lord Lansdowne's exposition of the Macedonian campaign in the House of Lords, yesterday, is regarded as an indication that the assistance the allies have been able to offer Serbia, is not sufficient to meet her needs. The appeal of the Serbian premier to England, "to do everything you can to ensure your troops reaching us as soon as possible," intimates the resistance of the Serbians is nearing its last stage.

Austro-German and Bulgarian forces are now within twenty miles of each other. Southwest of Belgrade invading armies are advancing along a hundred mile front, 25 to 40 miles south of the Danube. Analysis of the situation in regard to the Belgrade-Nish-Saloniki railroad shows that the Germans command the first fifty miles from Belgrade, the Serbians the next 150, the Bulgarians the next 100 and the French the last 50 miles to the Greek frontier.

Whether free communication between Hungary and Bulgaria by way of the Danube has yet been established is doubtful, but the proximity of the forces of the two countries makes such communication at least imminent. All dispatches continue to describe the intensely stubborn resistance of the Serbians. According to accounts which have reached here concerning the capture of Uskup, the Serbians defended every foot of ground furiously and no quarter was given on either side. Although the Bulgarian forces are said to have outnumbered the Serbians, ten to one, they made only 500 prisoners. All the others fought to the death.

Field Marshal Von Hindenberg's tremendous offensive against Dvinsk continues, but thus far has not advanced sufficiently to shake the Russian defenses. South of the Pripiet the Austrians are struggling to regain the initiative.

Statement on Miss Cavell's Execution Made in Berlin; Report Russian Line Pierced

(Associated Press Telegram)
Berlin, Oct. 27.—Via London. —German troops under Field Marshal von Hindenberg have penetrated Russian positions over a front of more than a mile in the fighting in the Dvinsk region, the war office announced today.

The junction of the Austro-German armies with the Bulgarian troops was made in the extreme northeastern corner of Serbia. The Serbian town of Brza Palanka to the east of which the invading armies joined hands in on the Serbo-Rumanian frontier and about 15 miles south and east of the Austro-Hungarian border. To accomplish the junction the Bulgarians penetrated Serbian territory in a northerly direction for 20 miles.

The Over Seas News agency today gave out a statement regarding the case of Miss Edith Cavell, the English nurse who was executed recently in Belgium, at the outset of which it declares that "the United States minister in Brussels, (Brand Whitlock), states that the British government publications regarding the Cavell case are untrue so far as he is concerned."

"The British government," says the news agency statement, "published the correspondence between the American legation in Brussels and the German authorities there in the Cavell case, the correspondence having been put at the disposal of the British government by the United States ambassador in London."

"The principal facts are exactly represented, especially the statement making it appear as if the German authorities by vain promises had put (Continued on Page 2, Col. 5.)

GIRL VICTIMS OF HOLOCAUST BURIED TODAY

(Associated Press Telegram)
Pittsburg, Oct. 27.—Six girls, victims of the fire which Monday afternoon destroyed the factory of the Union Paper Box company, with the loss of thirteen lives, were buried today, and the remaining bodies will be interred tomorrow.

The body of Peter Vallon, the Italian porter, was removed from the morgue during the night, and will be buried by his countrymen in McKees Rocks, a suburb.

All the injured remaining in the hospitals were said to be improving and doctors even held out hope for Gertrude Niedt, who yesterday was believed to be dying.

Ten Masked Men Hold Up Train, Blow Safe in Express Car After Holding Crew at Pistols' Points

(Associated Press Telegram)

Oklahoma City, Oct. 27.—Southbound Missouri, Kansas and Texas passenger train No. 9, was held up and robbed at 2 o'clock this morning two miles south of Onapa and nine miles north of Eufaula on the main line from Parsons to Denison, by ten or more masked bandits who blew the safe in one express car, obtained an unknown amount of money and valuables, failed to open three other safes and escaped without attempting to rob passengers. The bandits boarded the train at Chectah, or some point north of the robbery scene, climbed over the baggage and mail cars and forced the engineer at the point of rifles to stop the train. Then they went back to the coaches, found the conductor and forced him to open the express car. For more than an hour the bandits worked and five charges of nitro-glycerine were exploded before the safe was opened. One safe was attempted in the second express car and two in the third but did not yield to repeated attempts to open them.

A dozen or more shots were fired by the bandits during the robbery. A portion of the robbers guarded the train crew who were lined up along the side of the track, others guarded the passenger coaches and some went back along the track to stop a freight train behind the passenger.

A brakeman from the robbed train was shot through the finger when he attempted to escape. The engineer of the freight train behind escaped from his captors and ran to Onapa, giving the alarm.

The train robbed often carried large amounts of money and securities. Despite the robbers' methodical efforts, their plans went awry and they took away the contents of only one safe. Three others defied their explosives. The men made no effort to molest mails or passengers. The band, it is believed, boarded the train at Chectah, north of the scene of the robbery. After passing Onapa, a station without telegraph facilities at night, the train was in a sparsely settled territory near the Canadian river, remote from interruption and affording wild forests and marshes for escape. Here the robbers climbed over the baggage and mail cars into the engine. They forced the engineer and fireman to stop the train. They routed the conductor from the passenger coaches and the other members of the crew from baggage and express cars. All were lined up by the track and some tied to trees, while members of the gang stood guard.

Work was then begun on the express safes. Three safes proved impregnable and were abandoned. After five charges of nitro-glycerine were exploded, the fourth safe was opened. During this time probably a dozen shots were fired by the robbers but excepting a brakeman, who was wounded in the finger when he tried to escape, no one was hurt.

After abandoning their work, the robbers are said to have thanked the train crew and wished them good night, disappearing into the darkness, apparently on foot.

The robbers tied up the crew with ropes, placed a guard over the passengers and looted three express cars. They held the train two hours, and went about their work with military precision.

Express officials refused to tell the amount of loot taken by the robbers, who escaped into the woods and marshes and were today being pursued by peace officers of a dozen counties and hundreds of citizens organized into posses.

It is reported that about \$9,000 was taken from the express safe. Posses continued without success beating the marshes of the Canadian river bottoms near Onapa, gradually working toward the Winding Stair mountains in which are located the haunts of old Davis gang of outlaws, which terrorized eastern Oklahoma several years ago.

The holdup was one of the most desperate ever attempted in this section where there have been many of dare-devil bandits.

Plans to Protect American Manufacturers from Unfair Competition After the War

RUSSIANS HAVE 3,000,000 GUNS JAPANESE MADE

(Associated Press Telegram)

New York, Oct. 27.—More than 3,000,000 Japanese-made rifles with sufficient ammunition for an extended campaign have been received by Russia during the last three months, according to Albert B. Thayer of Cincinnati, Ohio, who arrived here today on the steamship Frederick VIII, from Copenhagen. In addition about 500 trained Japanese officers are engaged in instructing Russian artillerymen in the use of new high-powered guns. Mr. Thayer also said that all large factories in Russia including several purchased from American interests are engaged in turning out munitions in preparing for a big drive that is expected to begin in the early spring.

7 BALLOTS TO BE VOTED AND COUNTED

ELECTORS WILL BE KEPT BUSY
EXERCISING THEIR RIGHT
OF FRANCHISE

But Precinct Officials Will be Busier
When They Begin Counting the
Votes Tuesday Night.

Precinct officials in the city of Newark, will have a hard task before them on next Tuesday evening when they begin the count of the ballots cast in the municipal election. There will be seven ballots to be counted and there is every indication that there will be a heavy vote cast. There are so many questions which have been agitated that practically every voter will cast a ballot.

The voter also will have a big task if he votes at the evening ballots intelligently. But his task will be finished in a few minutes while the judges and clerks will consume hours tabulating the result of the voters' expression of choice.

The ballots to be voted upon are these:

Municipal ballot—Includes all candidates for municipal offices.

Township ballot—Includes candidates for trustees, clerk and treasurer of Newark township.

Bond issue ballot—An initiated proposition to issue bonds for the rejuvenation of the municipal light plant.

Amendment ballot—Includes four proposed amendments to the state constitution, including prohibition, limiting the initiative and referendum, extending terms of county officials, and repeal of former amendment exempting municipal bonds from taxation.

Referendum ballot—Referring to a vote of the people, laws passed by the last legislature. These are the so-called "decentralization" which organizes the state into districts for issuing saloon licenses and makes county officials a board which appoints the license commission; and the gerrymander bill, establishing new congressional districts in the state.

The Non-partisan Judicial ballot—Includes the candidates for justice of the peace and constable for Newark township.

The Non-Partisan School Board ballot—Includes the nine candidates for the city board of education.

The municipal and school board tickets have been pretty widely discussed locally as have been the prohibition and the proposition to limit the I. and R. The other propositions have not been so fully discussed.

On the township judicial ticket, which is non-partisan, the candidates are: For Justice of the Peace, W. S. Bolton, W. J. Davis, W. F. Holton, and D. M. Jones; for constable, J. M. Bennett, Emmett P. Forgrave, C. L. Moore, George Williams and J. O. Yates.

On the township ticket for other offices, the candidates are: For trustee, William Holler, F. Frey, J. F. Moore, Mac Mossman, J. Redman, S. L. Vermillion, and J. H.

How to Fight Tuberculosis

In a paper read last year before the Essex County Medical Society and published in part in the Louisville "Medical Progress," Dr. W. C. Eckman, of San Antonio, Texas, a physician who has devoted much time to the study of tuberculosis, said: "Since time immemorial three-fourths of all the mineral substances of the human body, must be supplied in the foods or supplemented in mineral preparations, or natural starvation causes with tuberculosis unchecked. The widespread and unchecked spread of tuberculosis and other preventable diseases is due largely to the deficiency (time lacking) conditions of multitudes throughout the civilized world."

Thus from another authoritative medical source comes justification for the use of time in the treatment of tuberculosis.

Since this is one of the ingredients of Eckman's Alternative, much of the success attending the widespread use of this remedy doubtless is due to the combination of this salt in such a way as to render it easily assimilable. It causes no stomach disturbance, and since it contains neither opium, narcotics, nor habit-forming drugs, it is safe to try.

Eckman's Alternative has effected remarkable results in numerous cases of pulmonary tuberculosis (consumption) and allied chronic affections of the throat and bronchial passages. In many instances such conditions, apparently, have yielded completely to it.

The bond issue is the same proposition that was voted upon last spring and failed to carry, though it received a majority of the votes cast. It was initiated by petition of local people favorable to municipal ownership. It proposes to authorize the issue of \$30,000 in bonds to reconstruct the city light plant at the water works pumping station.

The state questions are more complicated for the average voter. There are two ballots, one with the proposed amendments to the constitution and the other with the laws referred to the people under the I. and R. for their approval or rejection.

The first amendment is that relating to prohibition, which is familiar to all. The second is to fix the term of county officials making the terms four years instead of two. It would extend the terms of the present incumbents two years more. The third is taking the tax off municipal bonds, in other words exempt municipal bonds from taxation. The adoption of this proposed amendment would place municipal bonds where they were previous to the constitutional election in 1913; the fourth, to limit elections of twice defeated constitutional proposals, would make it impossible to again submit a proposed amendment after it had been defeated twice, since 1912.

The other ballot on state questions is headed, "Acts of the 81st General Assembly, ordered by referendum to be submitted to the electors of the state."

The first act is that relating to the congressional redistricting, and it adopted would make some changes in congressional districts, giving one representative to congress from this state.

The other act is one relating to a proposed change in the law governing the issuing of saloon licenses. It provides for redistricting the state for saloon regulation. District license commissioners, if this measure is approved, will be appointed by a board composed of the presidents of the county commissioners, the clerks and auditors of each county commission.

A vote against this act is a vote in favor of the present license system.

Villages will have six ballots except where special propositions will be voted upon. Townships, outside the villages, will have five ballots.

Jersey township, will have a ballot for a special school district as well as the township district.

Hanover villagers will vote on a special proposition to issue an additional \$5000 in bond and to transfer \$2,000 already issued, so the sum can be used to construct a new school building in the center of the village and above the high water mark.

who is a deputy in the auditor's office.

State Auditor Donahay today complied with the order of the Court of Appeals requiring him to pay bills for the Panama-Pacific exposition which had been held up because expenditures were unwarranted.

Mr. Donahay said he would "reserve the right to write across the face of each one 'paid under protest.'" He cited bills for \$1,700 on which he had held up payment. They were incurred by Newton M. Miller, Ohio commissioner for the exposition.

The decision of the court of appeals for Franklin county, handed down at Dayton, early today, said: "None of the items involved in this case is for intoxicating liquor and we are not called upon to express an opinion in regard to the validity of the expenditures for such purposes."

Judge Ferneding wrote the decision and Judges Kunkle and Allread concurred, granting a writ of mandamus against Auditor Donahay as sought by Attorney General Turner.

The bills which Auditor Donahay took steps today to pay are these: Refreshments for Ohio building, \$825; two dozen cups and saucers, \$11; cutters services, \$135; badges and ribbons for Ohio day, \$104; engraved invitations, \$55; postage and automobile hire Ohio day, \$185; reception music, \$86; forty dozen red carnations, \$15; groceries for the Ohio building during July, \$294.00.

COURT ROOM CROWDED AT HAGER TRIAL

POLICE CAPTAIN DEFENDANT IN
CHARGE BROUGHT BY WOMAN
TELEPHONE OPERATOR.

Plaintiff on Stand This Afternoon
Tells of Alleged Assault—Ravings
Trial November 22.

When the case against Charles Hager, Sr., was called this morning the court room was packed to the doors, the spectators being drawn there on account of the sensational charges which had been made against the well known captain of the police department of this city.

Capt. Hager was indicted for rape by the grand jury at this term of court, the charges being preferred by Miss Lulu Swartz, night telephone operator at the patrol station in Fourth street.

The state is represented by Prosecuting Attorney J. W. Horner, assisted by Attorney Ray Martin, and the defendant, Capt. Hager, by Attorneys Link C. Russell, J. R. Fitzgibbon and Chas. W. Montgomery. It is expected that the trial will continue for several days and that some sensational developments will result.

The greater part of the morning was exhausted in securing a jury, this being completed before the noon hour, after which the plaintiff, Miss Swartz, was called to the stand.

She was again on the stand this afternoon and told her story. Every available foot of space in the court room was occupied, the spectators even crowding the space reserved for attorneys and court attaches. That part of the court room behind the jury box was also filled and the spectators stood in scores wherever they could find room. There was a sprinkling of women among the audience, listening with eager attention to the young woman's testimony.

Miss Swartz was still on the stand at 3 o'clock and was undergoing a severe cross examination at the hands of the defendant's counsel. They were trying to shake the story which she told of the attack upon her person by Capt. Hager.

The presiding official at the trial is Judge Thos. B. Fulton.

Twenty-five witnesses have been subpoenaed by the defense while 17 have been called by the state.

Rawlings Trial Postponed.

The trial of the case of the State of Ohio vs. A. L. Rawlings, for forgery, has been passed until November 22.

Justice Scott's Court.

The case of Frank Rakay arrested on an affidavit subscribed to by Daniel H. Miles on a peace warrant was continued until Friday, Oct. 29, at 1 o'clock, Rakay giving bond for his appearance.

A second case against Frank Rakay against whom a peace warrant was issued in Justice Scott's court on the affidavit of Thos. G. Williams was continued until 3 o'clock on Friday afternoon.

Guilty of Burglary.

In the case of the State of Ohio vs. Charles Shaffer, indicted for burglarizing the Pataskala Merchandise Co., some weeks since, the jurors returned a verdict finding the defendant guilty. Sentence will be passed hereafter.

ST. LUKES WILL ACT AS ESCORT AT MT. VERNON

At the meeting of St. Luke's Commandery, No. 34, Knights Templar, last evening it was decided to accept the invitation of Mt. Vernon Commandery of Columbus to act with that commandery as escort to the Grand Lodge, P. & A. M., in connection with the dedication of the new Masonic temple of York Lodge in Columbus, on Thursday, November 4.—The Commandery will assemble at 12 o'clock noon of that day and go to Columbus on the Panhandle at 12:50 o'clock. It is expected that there will be a large turnout of the Sir Knights on this occasion to return the courtesy shown St. Luke's Commandery by Mt. Vernon Commandery at the dedication of the temple here. The members of the commandery can procure their dinner at home before starting and the entire proceeding will take but half a day.

"The Player of Many Tones"

is a Crown Piano into which has been built a device which enables anyone, whether musically educated or not, to play any musical selection. In no way does it interfere with playing by hand, so that in the single instrument you have a piano of the familiar type and, in addition, a player-piano upon which anyone, even a child, can play any selection written for the piano, thus placing the world of music at your command. Naturally, the more familiar you are with music, the more artistic your interpretation of it will be. But the fact remains that anyone can play and play at once. Then it is but a matter of practice to make you rival the finished musician.

An Artistic Instrument

And please do not get the erroneous impression that the Crown Combino is mechanical, for it is not. There is but one thing the player does—it strikes the notes perfectly, just as the trained musician does. The time in which the selection is played, the soft pianissimo, the loud forte, the sharp accent, the phrasing—in fact the entire color and expression of the music are at the command of and brought out by the individuality of the performer. And being subject to this impression of personality, the Crown Combino is truly an artistic instrument. You have heard pianists play brilliantly with absolutely correct technique, without errors, and with ease

and surety in striking the keys, yet who left you cold and uninterested. So the Combino, which never makes mistakes, may be played when first you operate it. But, as you play some piece you have always liked, you will unconsciously retard or accelerate the time—sustain and linger over some cherished notes as if they were too pleasing to pass rapidly by. Here, in a spirited passage, you subdue the accompanying bass to bring out the melody in the treble—leading up from the soft pianissimo to the loud forte, accelerating to the crashing finale. And the applause is all that is lacking—and even that will not be withheld if you have an audience.

Can You Appreciate the Pleasure of Producing Such Music Yourself and Whenever You Please?

The Piano Itself

As you probably know, the Player-piano is used many more times than the silent piano in the home, and the music is of a heavier nature than is usual in hand playing. Naturally, this extra use means greater wear on the piano. Then, too, the size of the ordinary piano would not permit of installing the player mechanism without mauling or otherwise injuring the tone because of crowding or "stuffing" the case.

All these points and many others have been considered and scientifically taken care of in the construction of the Combino Player-piano. The piano itself is the highest type of piano construction. The case has been made wider and deeper to admit the player action without injury to tone—allowing just the proper space inside to insure that full, rich, brilliant tone which is approached only in the best makes. The entire equipment (hammers, etc.) is designed to withstand just such usage as a Player-piano receives, and is in accordance with the latest and best ideas in scientific piano construction.

Features at Alhambra.

Mr. A. M. Holah, special representative of Vitagraph, Lubin, Selig, Essanay Inc. was in the city today and has completed arrangements with Alhambra, G. A. Sieboller of the Alhambra theatre for the showing of Big Four features at his theatre. Among those scheduled for showing in the near future are: "The Rosary," "Island of Regeneration," "The Blindness of Virtue," "Slim Primrose," "Granstaak," and "Sins of the Mother."

A Pair of Sixes. No less than four offers were made to Manager Frazee for the English rights to "A Pair of Sixes," during the first week of its run at the Longacre Theatre, New York. He declined them all, as he wished to

make the production in London himself. It was already arranged to produce it last month, when the War interfered. Arrangements for its production had already been made in Paris, Berlin, and other European capitals, and Australia but they, necessarily, have been postponed for the present. There is no doubt, however, that in due course of time, the farce that has made the theatre-goers of this country hold their sides with laughter, will make its laugh heard around the world. It will be seen at the Auditorium Friday night, Oct. 29.

Prevent Diphtheria.

A sore throat is a good breeding place for Diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membranes—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house where you can get it quick when needed. 25c., 50c. and \$1.00.

QUESTIONS

WILL BE HURLED AT PREMIER ASQUITH WHEN HE RETURNS TOMORROW.

One of Them Is Whether Peace Terms Have Been Officially Discussed With Berlin.

(ASSOCIATED PRESS TELEGRAM) London Oct. 27.—When Premier Asquith returns to the House of Commons tomorrow, he will be asked by Annan Bryce whether official exchanges of views have been carried on between Berlin and London with the possible object of the conclusion of an early peace, and whether inquiries of similar nature have been made by official representatives of any neutral power.

Mr. Asquith also will be asked whether he still adheres to the declaration in his Guild Hall speech that Great Britain should not sheath her sword until "the freedom of Europe was secured."

Another of the many questions to be addressed to the premier is whether "in view of the defiance of international law by the German emperor in ordering wholesale destruction of private property of civilians in this country by Zeppelins, the government will take steps to trace and sequester private securities in England of the German emperor and rulers of German states, and hold them a security for present and future damage caused by air raids."

Spirit of the Press

The World and You.—The Telephone Engineer rings up the Telephone Engineer rings up this sound injunction:

If the world does not recognize your talents, don't get discouraged; get mad. An angry man sometimes accomplishes what a discouraged one never does. It is mighty good advice and goes well with David Starr Jordan's aphorism that those who have freedom are those who refuse to be oppressed. Otherwise the world will have its way with you.—Collier's Weekly.

Tariff Tinkering. Any excuse is good enough to a Republican for "revising" the tariff which, of course, means marking up the duties. Senator Borah is now clamoring for a higher tariff because he foresees an "industrial conflict" after the war. There have always been industrial conflicts. The industrial conflict is interminable. We are likely to be in a uniquely good position to take care of our own business at the close of the war, and we can afford to let the tariff alone until something happens.

Plight of Constantinople. The anxiety of Germany to make a way through Serbia and Bulgaria is the most eloquent testimony possible to the present plight of Constantinople. So much has been made of the failure of the Anglo-French force in penetrating the Dardanelles that we are apt to forget that Constantinople is tightly bottled up and that if relief does not soon come the city will be forced to capitulate. In no other way can the feverish eagerness of Berlin to push the supplies through a neutral Balkan state be interpreted.

When Turkey cast in her lot with the Central Empires it was thought at Berlin and Vienna to be a great victory for their diplomacy, but just at present the Ottoman Government is in such a perilous position that may be times when Teutonic diplomats wonder just how much its adhesion to their cause was worth after all.—Providence Journal.

What Big Thing Next? What is the next big thing which invention will give to the world? It seems to be an open game of guessing in which the one with the strongest imagination will give the best answer. In the field of wireless telephony there is ample scope for speculation. And it is only natural that a man who was one of the earliest pioneers in the utilizing of wireless influences should be the most interesting exponent of their future development. Nikola Tesla has remarkable visions of what wireless communication may mean to the world—even the universe—within a few years. He believes that talking without wires over a distance of 5,000 or 6,000 miles is "an interesting experiment," but that is only the beginning. He says we shall soon be able to see each other at distances of thousands of miles. In time, there will be a world system of wireless energy by which all machines will be operated, houses lighted and heated and countless things done almost automatically that now demand so great a portion of human labor. Yet even that is not all, nor nearly all.—Kansas City Journal.

The Greatest Sin of All. A New York preacher recently sent out a circular letter asking those who received it to mention what they believed to be the greatest sin, that is, the sin most universally indulged in. The vote went to Selfishness.

There is probably a good, logica

CRITICISM

OF SEC. DANIELS' NAVAL PROGRAM AS BEING "WHOLLY INSUFFICIENT."

Comes From a Member of the New Advisory Board, Who Urges Further Increase.

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 27.—Secretary Daniels' naval program was criticized as "wholly insufficient" by Henry A. Wise Wood, a member of Mr. Daniels' naval advisory board, in an address before the Life Underwriters' Association last night. Mr. Wood is chairman of the committee of national preparedness and president of the Aero Club of America.

He called upon the administration at Washington to lay before the country a plan which would place the United States positively in the position of the second naval power in the world. He urged that President Wilson tell the people what increases in the navy were necessary, how much the increase would cost and how soon a position as second naval power might be obtained.

Mr. Wood said that the manner in which the national defense estimate involving the expenditure of \$500,000,000 was announced indicates that the impression is sought to be given that an enormous sum is to be spent upon the navy. In reality he said, the increases which are actually to be made during the coming year are slight, while the five-year program was not binding upon future congresses.

Labor's Position On Liquor Law

Ohio Federation Advocates Fight Against Prohibition as Menace to American Institutions.

Resolution Passed At Mansfield Meet

The following is the official report of a resolution passed by the Ohio Federation of Labor at Mansfield, October 14 bearing on the liquor question:

"Whereas, The paid prohibition agitators have again injected the prohibition issue into the present campaign, notwithstanding its overwhelming repudiation by the voters of Ohio after a campaign of misrepresentation in 1914; and

"Whereas, The success of this social and industrial menace will destroy the means of livelihood of thousands of our fellow workers, overcrowd the labor market by adding to the constantly increasing army of unemployed and ultimately destroy many strong labor unions that are affiliated with the American labor movement; therefore, be it

'Resolved, That the Ohio Federation of Labor at its convention in Mansfield urge upon the voters of Ohio to help labor resist any further encroachment upon their rights as American citizens to follow their chosen calling and earn and honest livelihood, by voting against prohibition and eliminate a menace which if permitted to continue, will mean the downfall of all our cherished American institutions.'—Commercial Tribune, Oct. 17, 1915.

a south side subway bill or only oc-
casionally?

The securing of good local offi-
cials is of greater importance to the
tax payer than any other question
to be settled at the approaching
election. The Democrats present a
ticket this year that any voter may
be proud to support. The candidates
are all men of ability and the high-
est integrity. A comparison of these
men with the Republican candidates
will convince you that no mistake
will be made in voting the Demo-
cratic ticket.

The coming election is an impor-
tant one. The right of franchise will
be exercised by all voters in the city.
The people of Newark are going to
the polls and vote because they realize
that the good name of the city
depends on the manner in which
civil affairs are conducted and they
realize that Democracy is presenting
a formidable array of candidates,
any one of whom is amply qualified
to fill the position to which he as-
pires.

The office of mayor is most im-
portant and the man elected to fill
that position should be one who is
qualified in every way, a man of
whom the city might be proud, and
who could preside with dignity,
should he be called upon to do so,
over any body of men, or any con-
vention, or who could be capable of
welcoming any civic body which
might visit this city. Such a man is
Frank E. Slabaugh. It would not be
necessary for him to call upon his
friends when it came to the matter
of extending a welcome or the free-
dom of the city to visitors.

Hamilton On the Job.

Pay day for state employees falls
on next Tuesday. We wonder how
many days Col. Geo. "Boss" Cox
Hamilton put in at his job as a de-
puty state fire marshal? The Colo-
nel is in full charge of the Republi-
can municipal campaign, has been
for weeks and will continue to man-
age his party's affairs from the Re-
publican headquarters in West Main
street. He can be found there at all
hours of the day. The tax payers
are called upon to foot the bill, pay
Boss Hamilton's salary and expenses,
while the latter, smiling and serene
meets the members of the Hamilton
Willing Workers club and outlines
the part which they are to take in
the present campaign, their work be-
ing chiefly to spread the false in-
sinnuations and innuendos against
the Democratic candidate for mayor,
who stands head and shoulders above
his opponent in ability, potency and
efficiency. How can any voter who
has the city's best interest at heart
support Mr. Bigbee after a compari-
son of the two men?

Little Willie's
Questions

Willie—The election comes next
Tuesday, doesn't it, pa?

Father—Yes, William, and a busy
day it will be for the voters and elec-
tion officers. In Newark the voters
will have seven ballots to mark.
First the ballot for mayor, etc.; sec-
ond, school board; third, proposed
bond issue for electric light plant;
fourth, the nonpartisan ticket for
justice of the peace, etc.; fifth, the
township ticket; sixth the wet and
dry and other proposed amendments;
seventh, the referendum on certain
legislative acts.

Willie—When! That is going
some, isn't it, pa? And do the wo-
men get to vote on all of these propo-
sitions?

Father—Not yet, son, but 1360
Newark women have registered for
the school board election and believe
me they are looking over the candi-
dates pretty carefully.

Willie—I meant to ask you yester-
day, father, when we were talking
about the mayor's WATER treat-
ment if it was a fact that Mr. Bigbee
was city treasurer before he was
mayor.

Father—He was, William, and his
office was at No. 11 West Main
street. All of the city employees had
to go there to get their checks
to go there to get their checks.

Willie—Why didn't the treasurer
have an office in the city hall or at
a bank?

Father—Mr. Bigbee was a busi-
ness man, son, and the more people
who visited his place of business the
better chance he had to sell his
goods.

Willie—What was Mr. Bigbee's
business, pa?

Father—It was connected in a
way with the crushed grain business.
Oh, Willie, ask your mother. She
remembers all about it.

Three Bad Blunders

This campaign has been conspicu-
ous for the foolish things done in
behalf of the Republican organiza-
tion by the Newark American Trib-
une. There have been several but
these three incidents crowd them-
selves to the front:

First, came the stupendous blun-
der of attacking Mr. Slabaugh's
splendid record as sheriff of Licking
county. The records were examined
and the total sum drawn by Mr.
Slabaugh during his entire term of
office was published conspicuously
for the purpose of making Newark
voters believe that ex-Sheriff Sla-
baugh had pocketed \$53,000 while
he was sheriff of this county. Even
the Advocate's schoolboy, "Willie,"
knew that common decency and hon-
esty would have prompted the Trib-
une to subtract from this total sum
the amount that Mr. Slabaugh had
expended for prisoners' food, for
jail work, supplies, traveling ex-
penses, etc. The average number of
prisoners during Mr. Slabaugh's ad-
ministration was over 30, and that
alone meant 2,700 meals a month.
Mr. Slabaugh paid for the food and
all of his expenses out of the fees
he received. The Tribune knows
this, of course, yet it has steadfastly
refused to tell these facts to its read-
ers. It is perhaps impolite to add
that Mr. Swank, the present sheriff,
is drawing fees greater in amount
than were drawn by Mr. Slabaugh
but the official figures show that in
the first eight months of this year
Swank drew over \$1400 more than
Slabaugh drew during the same
period of last year.

Second, the Tribune had the tax-
ing record examined and found that
Mr. Slabaugh's property valuation
was placed at \$24,000. Seeing these
figures, the newspaper either
through ignorance or for a more

culpable reason, declared that Frank
Slabaugh had grown rich to the ex-
tent of \$24,000 out of the sheriff's
office. The American Tribune was
not fair in that it did not subtract
from these total figures Mr. Sla-
baugh's mortgage indebtedness on
his property. Can anybody defend
such methods as the Tribune is
practicing?

When the paper willfully makes
such misstatements and adheres to
them what dependence can be placed
in its editorial expression?

Third, the limit came when the
Tribune complained because Mr.
Slabaugh's campaign managers had
violated the ordinance against plac-
ing cards upon the poles about town.
When Mr. Slabaugh's attention was
called to the matter he instantly or-
dered a man to go about town and
remove the offending posters. Some
of the cards were taken down yes-
terday, others today.

We have no criticism of the Trib-
une's complaint except that under
the circumstances and in view of the
fact that the poles have been used
for advertising purposes repeatedly,
it would seem to be a puerile com-
plaint. We agree that it will be well
to keep all advertising matter off
the poles. The place for an adver-
tisement is in the columns of the
newspaper.

The Tribune is sorry Mr. Slabaugh
saved a little money and regrets that
he bought a little home in this city.
We differ. We compliment Mr. Sla-
baugh for his economy and for his
good judgment in buying property
in the best town on earth.

After having been so careful to
examine the records and give its
readers false information about Mr.
Slabaugh perhaps the Tribune in
these last days of the campaign will
be willing to look into Mr. Bigbee's
record and tell us what it finds.

Enforcement of the Law

When a wife, mother or father ap-
plies to the police with a request to
have someone placed upon the
"blacklist," what happens? The po-
lice department goes to the liquor
license commissioners who attend to
the matter. Messrs. O. C. Larason
and Ray Martin, one a Democrat,
the other a Republican, are the men be-
hind the gun in the liquor business
in Licking county. They say who
shall have the saloon licenses and
who shall be deprived of licenses.
Under the new liquor license law,
the mayor has comparatively little to
do with the regulation of the sa-
loons. The license commissioners
regulate the saloons and appreciat-
ing the fact that obedience to the
law means retention of their
licenses, the saloon keepers them-
selves to a very great degree obey
the law without suggestion from of-
ficials or others.

The license law has practically
separated the mayoralty from the
liquor business.

William C. Christian.

Some one was heard to remark
recently: "Newark can not be said
to be too Christian-like, but if things
keep up it will be too 'like
Christian'."

The remark was made anent talk
of a suit being brought some months
ago by William C. Christian, Service
Director, against William C. Chris-
tian, President of the Board of Edu-
cation. There was deeper signifi-
cance to the remark than he who
made it probably realized, and it is
no more than right that people here
in Newark should know the exact
position of William C. Christian,
and the power he wields in the af-
fairs of our city from an adminis-
trative and fiscal standpoint.

This is not a diatribe against Mr.
Christian personally or even a
criticism of his official conduct. But
his place in the city's govern-
ment is anomalous, and the
power he possesses is great enough
to be a temptation to any man of
however high character. Whether
Mr. Christian has thus far been able
to resist any temptation to abuse or
prostitute this power is not a ques-
tion pertinent to the issue. One
man should not be in two official
positions where the duties of one
may by any contingency become
antagonistic to those of the other.
And this may happen. A man can-
not serve two masters for he will
hold to the one and despise the
other, was a Messianic precept hav-
ing its foundation in human nature
and common sense. To be specific:
Mr. Christian as Service Director,
became convinced that the public
school by right and law should pay
for the water used.

This matter was brought before
the Board by Mr. Christian, who is
convinced that the payment for
water by the schools is just and
legal. The amount would probably
be between \$2,500 and \$3,000 per

year, and meters were put in the
buildings last summer. When they
are read and a bill submitted, the
board undoubtedly will refuse to
pay it, according to one member who
said today the other members ex-
cept Mr. Christian did not believe
the schools should pay for water
from the municipal plant, and there
was no fund that he knew of out of
which payment could be made.

Mr. Christian's only remedy as
service director would be to make
himself a party defendant in a suit
to recover the rentals.

His duty lies in the service of-
fice and to that office he is bound
to give his undivided efforts. But
he is also President and member of
the School Board, and his duty in
that office is to defend the free use
of the water, or at least to con-
tend strongly against any expendi-
ture of the school funds, until it
should be decided definitely that it
be done legally.

It is the service director's duty to
recover every dollar legally due as
revenue to the office. It is the duty
of the President of the Board of
Education to jealously guard ex-
penditures of the city's money.

The office of Service Director
pays \$2,100 per year. The Presi-
dent of the school board receives
no salary. Toward which office
would any man's prejudices natu-
rally lean?

The influence exerted by Mr.
Christian over Mayor Bigbee is a
matter of current knowledge.
Whether this influence is for good
or evil is not material to the ques-
tion.

If the mayor is not capable of
administering the affairs of his
office of his own initiative, he
should not be re-elected.

Every man on the Republican
ticket is known to be a winner

School Board.

In tomorrow's Advocate may be
found a discussion of the Newark
school board situation together with
sketches of and statements from
nine candidates for membership on
the Board of Education.

Wm. J. Shields, Sr.

Wm. J. Shields, Sr., is the Demo-
cratic candidate for councilman
from the Third ward. He is one of
Newark's best known citizens, hav-

WM. J. SHIELDS, SR.

ing resided here since 1872, and has
been connected with the B. & O.
railroad since 1875, being an expert
blacksmith.

Mr. Shields has always been in-
terested in municipal affairs and for
two years served as a member of
the board of health. He has invest-
ed his savings in Newark property
and is one of the solid, substantial
citizens of the South End. He is
qualified in every way to assist in
directing the affairs of the city and
his friends are a unit in working for
his election. He promises a careful
study and review of all matters that
may come before council if elected to
that body.

Township Ticket.

Voters next Tuesday will find the
township candidates upon a separate
non-partisan ballot. Cut out the

Bigbee Administration and Subway

The American Tribune is vehement
but not very convincing in its labor-
atory argument on the subway.

A few facts might interest the
American Tribune.

It is common knowledge that dur-
ing the campaign to secure authori-
zation of the subway bonds, Mayor
Bigbee, together with his leading as-
sociates on his ticket, and all promi-
nent Republican politicians, kept a
very discreet silence and neither by
word, deed nor influence in any way
assisted the South Side Improvement
Association. Conspicuous among
those who preserved a discreet sil-
ence, in addition to the mayor, were
the present city auditor, city solici-
tor and director of public service, so
that just when the friendliness of
the Bigbee administration for the
subway began is a mystery which it
would be well for the American
Tribune to explain.

Whether any mistake, inexcusable
or otherwise was made by a former
city solicitor in drafting the original
subway bond ordinance, is not at
present important, it is a fact that
early in 1914 that ordinance re-
drafted, under the luminous legal
scrutiny of the present Solicitor was
re-enacted, and was the ordinance
under which the City Auditor first
attempted to offer these bonds for
sale in March, 1915, at least a year
after the passage of the revamped
ordinance.

Inasmuch as no contract could be
entered into by the city until the
proceeds of these bonds were in the
city treasury, which fact was well
known to the railroads, the city
could not make any progress in the
matter until the bonds were sold.
The Bigbee officials therefore mani-
fested their friendliness to the sub-
way by failing to sell the bonds for
one year after an ordinance authori-
zation their sale, prepared under the
scintillating learning of the present
solicitor, was in force, and thereby
delayed the actual work of subway
construction at least a year.

It is not true that any arrange-
ment was entered into with the rail-
road officials not to do ANYTHING
in 1914. Whatever arrangement of
that kind existed was made by a
former city official, with the full
knowledge and consent of those
chiefly interested in the subway
proposition, and was to the effect
that while the actual work of con-
struction was not to begin until
spring of 1915 all preliminary mat-
ters such as the drawing up and
signing of the contracts, were to be
got out of the way in 1914 so that
by the spring of 1915 dirt would be
begin to fly. The Bigbee administra-
tion again showed its friendliness to
the subway by transposing this pre-
liminary work over to 1915 instead
of doing it in 1914 and thus again
delayed the actual work of con-
struction at least a year.

City Auditor Dodd attempted to
sell the subway bonds under the or-
dinance of 1914 in March, 1915, and
blundered in casting their ballots for
Joseph Stassel.

It would seem that the Advocate
is subject to criticism because it
called attention to the mistake which
had been made. If Republican offi-
cials expect to make such blunders
and not have public attention called
to this fact by the Advocate, they
have been and will be mistaken.

The probability is that the Advoca-
te's calling attention to this mis-
take saved the bond issues from be-
ing tied up in the courts for a year
or more in an injunction suit like the
one which arose over the water-
works bond issue. This may not
have been the friendly intention of
the Bigbee administration but in
law at least, men are supposed to
intend the reasonable consequences
of what they do.

It may be that some interest has
been saved by the 1915 ordinance
under which the bonds were finally
sold, but if this was the reason why
Mr. Dodd blundered why wasn't that
attended to in 1914 when the Bigbee
officials under the supervision of
the solicitor were redrawing the
bond ordinance? Is it not really an
after thought hatched up in some of-
ficial's mind to distract attention
from the way the bond sale has been
muddled? It was indeed a red her-
ring attempted to be drawn across a
very plain and not very cleanly trail.

In conclusion we wish to repeat
that we are sure that the voters of
the south end will not again be hood-
winked as they were two years ago,
and will this fall vote for Slabaugh
for Mayor, and put the subway in
the hands of its friends.

Joseph Stassel.

Joseph Stassel, who resides in
Baker street, is a candidate for
councilman from the Second ward.
Mr. Stassel is a well known contrac-
tor and served as a councilman for
two years under the regime of May-
or Swartz. He was always known as
a careful and judicious official and
was ever looking after the city's
best interests in matters which came
before the councilmanic body.

The previous experience of Mr.
Stassel will count much in his favor
should he be elected to the position
to which he aspires. He is well and
favorably known not only in his own
ward but all over the city. He has
been successful in his business and
would make an excellent member of
council and promises to give a satis-
factory administration of civic af-
fairs if he is elected. The voters of
the Second ward will make no mis-
take in casting their ballots for
Joseph Stassel.

In Milady's Boudoir
By Gwen Sears

The methods of the professional model to keep herself beautiful are excellent ones to follow as he is an expert. Her face is literally her fortune and she cannot afford to have it decrease in commercial value. You might expect her, therefore, to spend hours in the facial massage parlors, load her dressing table with special lotions and constantly fuss with her personal appearance.

This is her usual method, however. She is very careful about dressing her hair because she realizes that even a pretty face must have an attractive setting, and if her hair becomes in the slightest degree disarranged, she will have to halt the most important posing appointment to put it in order.

The texture of her skin is another important asset to the professional model. She uses on her skin, not a soft complexion brush, but a good stiff bath brush, and scrubs and scrubs hard. Just at first, with an undisciplined skin it might be better to begin with a softer camels hair complexion brush. You can change to stiffer and stiffer brushes as the skin becomes firm.

Another little trick of my model friend is her relaxation hour. Each day, when she turns from her posing, she brews herself a cup of tea and sips it between a handful of biscuit. Then she does nothing but her negligee and, while the shades are drawn low, she relaxes every muscle and dispels every thought of the workaday world. Her life is tranquil and might be rather boring at times, as tangoes and late suppers must be quite unknown to the lady whose face is her fortune.

Your Boys and Girls
Many people believe that children should eat a great deal of fruit but this is, generally, a wrong impression, and the truth regarding too much of a fruit diet should be known and appreciated by every mother.

Cooked fruits, such as baked apple, prunes and cooked berries are very healthful, but too free consumption of bananas, raw apples and oranges is injurious. If raw fruits are to be eaten at all they should not be mixed, but the child should be given only one kind at a time, and that one has been found to agree with them.

We all know how completely our natural appetite fails us when we are ill. The very sight of food at such times almost nauseates us. Children feel this distaste more than adults and sometimes are too young to impress their feelings and are forced to gulp down food which not only is distasteful but not good for them.

That they may be tempted to eat enough to sustain their strength is necessary and to this end every care should be taken to serve the food as attractively as possible. Small attractive dishes, dainty clean linen and shining silver should be the keynote of the trays arrangement. The food given a sick child should also be very carefully selected and only small quantities served at a time, as a lot of food on a dish is enough itself to turn the ill child away from it.

ASSOCIATED CHARITIES MARKET STAND TO AID THE NEEDY

To aid the needy poor of the city the Associated Charities has leased stand 111 in the Peoples Market, where the handwork of needy families will be sold. All the money received from the sale of goods at this stand goes to the family whose product is sold.

The first sale was held Wednesday morning and the receipts were gratifying. The goods offered for sale today included rugs, bead work, hand made lace and other articles. A greater variety will be offered later.

In establishing this stand, the organization hopes to encourage the needy people to help themselves, the association acting as a sales agent. None of the proceeds go to the charities organization.

FIVE MILLION IN GOLD SOVEREIGNS AT ASSAY OFFICE

[ASSOCIATED PRESS TELEGRAM]
New York, Oct. 27.—Five million dollars in gold sovereigns from Canada were received by the assay office here today the first of numerous anticipated shipments of about this size. The money was for account of J. I. Morgan & company, and is only about one-fifth the size of recent gold shipments made here from Canada for their account.

This shipment is the first to be made in conformance with the request of the assay office that gold be shipped in a number of smaller shipments rather than in great quantities. So much gold has been received at the assay office recently that the facilities of the institution have been taxed. It was to relieve the pressure on the working staff that the smaller shipments were requested.

TYPHOON KILLS MANY IN LUZON

Granville

[Special to The Advocate]
Granville, Oct. 27.—On Tuesday, Oct. 26, a very quiet but very beautiful wedding took place in Granville at the home of Mrs. Christine Cook, the mother of the bride. It was the wedding of Miss Altie Cook, and Mr. Chester C. Cleland, and was the happy culmination of a devoted courtship of two charming young people. Miss Cook has lived in Granville for some years and has endeared herself to a large circle of friends by her sweet manner, and thoughtful consideration of others. She is a member of the Methodist church, singing in the choir and teaching in the Sunday school.

Mr. Cleland is a young business man of Cleveland, a son of Mr. J. C. Cleland of Greenwich, O. Mr. Cleland met his future bride while they were students at Ohio Wesleyan university.

Those who witnessed the ceremony were the members of the family of the bride and bridegroom, and a few intimate friends, and the hour for the ceremony was 6 o'clock in the evening. The house was beautifully decorated with vines, lighted with many waxen tapers and a background of palms before which a white dais was placed, with tall candles on each side formed the altar before which the bridal party took its place.

Mrs. Fred Seymour sang the solo, "Because," accompanied by Miss Sarah Seymour, who then announced the approach of the bridal party by playing the Lohengrin wedding march. Mr. Cleland entered at the rear of the room with the minister, who officiated, Rev. Mr. Mahon, of Asbury church, Delaware, a fraternity brother of Mr. Cleland. Contrary to the usual custom, and which seemed a sweeter courtesy to the bride, the bridegroom then crossed to the far side of the room and waited for his bride, who entered preceded by her little niece, Miss Eleanor Best, of Centerburg, who carried a basket of white chrysanthemums.

The bridal party then marched to the altar to the strains of the wedding march, where the minister awaited them. After congratulations the guests were seated in the dining room where a delicious course dinner was served.

The bride's table was lighted with candles shaded with red and a vase of bright red mullein berries was used in the center. Little brides carrying red bouquets were used as the place cards.

The bride's gown was cream colored faille silk with a court train of the same soft silk. The low neck and short sleeves were finished with bands of Honiton lace, and a cap of the same lace held the wedding veil, which was caught with orange blossoms, making a soft frame for her lovely face. The bridal bouquet was of white roses and valley lilies tied with ribbons of chiffon.

Mr. and Mrs. Cleland departed at 8:30 o'clock amid a shower of confetti for parts unknown. They will be at home in Cleveland, O., after Dec. 1.

The out-of-town guests at the wedding were Mr. and Mrs. J. C. Cleland of Greenwich, Mr. and Mrs. Carl Norpell and family of Newark, Dr. Robert Best and family of Centerburg and Rev. Mr. Mahon, of Delaware.

Mrs. Edward Loughridge and little daughter, Jean, who have been visiting at the home of Mrs. Loughridge's parents, Rev. and Mrs. Robert Wylie, left for their home in Bunnell, Florida, Wednesday. They were accompanied by Mrs. Chas. Loughridge, who will spend the winter in Florida.

The D. A. R. will meet at the home of Mrs. J. M. Swartz, Friday evening at which time a report will be given of the D. A. R. state convention, by Mrs. J. D. Thompson who is regent of the Granville chapter, and is attending the state meeting this week.

Arrangements have been completed by the committee from the Granville Woman's club in regard to the holding of an all-day prayer meeting on election day, Nov. 2. The meeting will begin at 5:30 a. m. and continue till the polls close at 5:30 p. m. All earnest thinking women are urged to attend.

Miss Mary Merriman who has spent the greater part of the past year with her sister Mrs. Chas. Loughridge, left Wednesday for McConnellsville, where she will visit friends at her old home.

The Fortnightly club met at the home of Mrs. John Owen Tuesday evening. The subjects for the evening were along educational lines. The first topic was treated by Mrs. F. S. Robinson and was "The Old District School." She was followed by Miss Flora Hoover, principal of the high school, with the more modern type of school, the subject, being "The Centralized School." Miss Evangeline Davies, also a teacher in the public school, treated the subject of "The Montessori Method." The papers were excellent and the evening was greatly enjoyed.

The division of the B. Y. P. U. under Miss Eva Price enjoyed a social evening in the parlors of the Baptist church Tuesday evening.

WILSON'S NIECE IN SUFFRAGE PARADE

Miss Margaret Vale as "Alaska" in big suffrage parade.

Margaret Vale, the niece of President Wilson, portrayed "Alaska" in the monster parade of the suffragists in New York city last Saturday. Photo shows her as she appeared in the ranks of the great host which marched down Fifth avenue.

Non-Support Charge.
Joseph Varner, arrested on the affidavit of Laura Bishop for non-support of a minor child, gave bond for his appearance on Friday afternoon at 1 o'clock. The affidavit was served by Constable Charles Moore.

Case Dismissed.
In the case of the state of Ohio vs. John Gourley, a peace warrant issued on the affidavit of Burton Bonei, the matter was heard before Justice Fletcher S. Scott late yesterday afternoon and that official dismissed the case, stating that there was not sufficient evidence to sustain the charge.

dealings with more losses than gains. United States Steel was the center of interest among the offerings of 10,000 shares at \$15.50, against yesterday's final price of \$14.50. Maxwells Motor issues scored further declines as did other specialties, and some of the rails were fractionally lower. As a partial offset, however, Procter and Gamble rose 1/8 to 9 1/8 and Studebaker issues were higher. The preferred rising 5 to the new record of 118 1/2. Secondary prices were mostly higher.

The tone became more confused and trading more active with the progress of the morning session, but prices were well maintained until shortly before noon, when specialties like Maxwells, Studebaker and Chrysler Steel broke to 1/2 point under yesterday's close. Incidentally, Bethlehem Steel broke 20 to 20 1/2. Rails and metal issues held better than other stocks, but these too gave way under the weight of selling pressure which effaced virtually all early gains. Steel fell to 9 1/2 and other standard shares were heavy. London exchange broke to a new low level for the current movement.

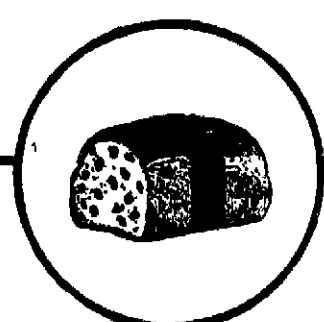

Bonds were firm. Minor rails and gas issues were active and higher until another heavy realizing movement in specialties caused a general decline all around. The closing was heavy.

Selling of representative stocks with further manipulation in Steel caused a general unsettledness in today's market.

POSITION OF DARING FRENCH AVIATOR DESCRIBED BY HIM IN LETTER

Telling of Destroying a German Captive Balloon and an Aero- plane on One Trip.

(ASSOCIATED PRESS TELEGRAM)
Paris, Oct. 27.—Sergeant Aviator "G. G.", who recently destroyed a German captive balloon and an aeroplane on one trip, describes his double exploit in a letter received by friends at Fontenoy-Le-Comte, where he was a high school teacher. "It was our fourth attempt," writes the aviator, "to attack a famous balloon which was so well guarded that we never were able to get near it. When we got over the Boche lines, I saw our balloon emerging from a sea of clouds 15 miles away. Being wary, we made a wide detour so as to get to windward and bear down upon it from its own lines, whence it was certain not to expect an attack.

"On the way, however, we came upon a sentinel aeroplane which being beneath us, did not appear to see us. I signalled our pilot. He pushed his engine to thirteen hundred revolutions and dropped vertically upon the enemy. My position was precarious, my body hanging out over space, clinging to a strut with the left hand, my right hand on the butt of a machine gun. At 350 yards I opened fire. Instantly the Boche swerved as to flee, but he got across us and I gave him a broadside. He pitched downwards into the clouds.

"We were then within three miles of the balloon. We advanced crabwise, jumping from cloud to cloud. The balloon did not budge. We got close up. I gave the sign and we swooped upon him. When 300 yards above it, I opened with a second gun.

"In twelve seconds it was all over. I leaned over and could see the balloon half deflated lying on the trees. The German batteries saw nothing and did not fire on us. We waltzed home delicious with joy, photographing each other on the way."

LECTURE

AND MOTION PICTURE WILL ILLUSTRATE TRANS-CONTINENTAL PHONE TALK.

Wonderful Demonstration Will be Given Those Attending Merchants' Association Banquet.

All of the three hundred people who attend the Merchants' Association banquet at the Pythian Castle tomorrow night, may not have had the opportunity this year to visit San Francisco, but those who "listen in" on the transcontinental telephone line, will be able to hear "frisco" people talking, will hear the "swish" of the waves at the Cliff House and otherwise feel the nearness of our western neighbors.

They will see just how the telephone connections which make conversation with the Golden Gate possible, are made, and will be able to watch the progress of the connecting wires as they shoot across the continent.

This wonderful telephone demonstration is made perfectly clear by combining a lecture in plain everyday English, with motion pictures.

As the picture of the dashing waves below the Cliff House is thrown on the screen, the banqueters are told to "listen" and then is heard the roar of the waves against the cliffs.

Newark people who have taken part in these telephone demonstrations declare that the whole affair is a wonderful portrayal of the advance of telephony.

To add to the pleasure of the telephone party, the Merchants' Association appointed Messrs. W. C. Kuster and C. E. McDaniel as caterers to prepare the banquet.

The "cats" prepared are indicated in the following menu:

Lynnhavens Wafers
Celery Hearts Queen Olives
Roast Young Turkey
Chestnut Dressing Cranberry Jelly
Snow Flake Potatoes

PURITY

The annual convention of the Sunday schools of Eden township opened at Eden chapel, Sunday, October 24, at 2:30 p. m. The first address was on the subject of "Sunday School Line-up," by A. R. Evans, of Newark; he was followed by the county secretary, A. M. Harshberger, of Hebron, who spoke on "Ohio Sunday School Association."

E. T. Burch, of Hebron, then gave a general talk, mostly on finances. The Sunday schools of Miles chapel and Mr. Pleasant each rendered interesting exercises at this meeting.

The evening session began at 7:30 o'clock. At this meeting the Eden Sunday school delivered their program after which Rev. S. K. Beem, of Maine, gave a talk on the all-important question of prohibition.

Mr. Beem is touring this state in the interest of that question which is absorbing so much of the minds of the American people in general, and Ohio people in particular at this time, and while here he is a guest of his sister, Mrs. Dickens, of Hebron, who was also present at this convention.

The following officers of the Eden township Sunday School Association were elected: President, J. M. Baker; vice president, O. A. Hamilton; secretary and treasurer, Miss Elsie C. Hobbs; superintendent of adult class, M. J. Myers; elementary superintendent, Miss Elsie Myers; superintendent of home department, Mrs. Bessie Stout; teachers' training superintendent, Edward Bebout; temperance superintendent, Samuel Hamilton; cradle roll superintendent, Miss Edith Oldaker; executive committee, M. J. Baker, Mrs. Kate Hamilton, Mrs. Belle Stulwell.

The three churches of this township, Eden, Miles chapel and Mt.

Pleasant, were each well represented in this convention, which was one of the best and most enthusiastic ever held here.

The K. of P. order will entertain with a supper at their hall here next Friday night. Everybody welcome.

Announcement is made of the dedication of the new Church of Christ at St. Louisville, Sunday, Nov. 7. Everybody welcome. Free dinner will be served.

Mr. and Mrs. Frank Hughes and daughter, Mary, of Marion, and Mr. and Mrs. Emlos Penick of Newark, were here to attend the funeral of Russell, the infant son of Mr. and Mrs. Leslie Myers at Martinsburg.

They were guests of the former's parents, Mr. and Mrs. John Hughes, while here.

Pyorrhea—the disease nearly everybody has

No matter how sound your teeth may seem to be, no matter how you may scoff at the idea of your having this disease, it is a positive fact that the germ which causes it is working now in your teeth.

The appalling discovery of this fact—that the germ which causes pyorrhea is one which inhabits every human mouth—was made over a year ago. Since then dentists have been urging everyone to take special precautions in their daily toilet to prevent this disease from developing in its acute form of bleeding gums, tenderness in chewing and loose teeth.

To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the

public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Co., 505 Union Central Bldg., Cincinnati, Ohio.

MANY MEN AND WOMEN OF OUR HOME STATE WOULD TESTIFY.

Cambridge, Ohio.—"Doctor Pierce's remedies have been tested in our family and we have found them very good. I used the 'Golden Medical Discovery' when I had a bad cough and was run-down. I used two bottles for my cough and lung trouble. I had a great deal of good and I have been glad I used it."

"My daughter used 'Favorite Prescription' for a woman's tonic and she was satisfied with the results, when in a delicate way. Both medicines have done well for us."—Mrs. MRS. A. S. SMITH, 908 Carlyle Ave., Cambridge, Ohio.

Get good blood through the use of Dr. Pierce's Golden Medical Discovery, and you will have no more weakness. It is the world's proved blood purifier. It's not a secret remedy for its ingredients are printed on the wrapper. Start to take it today and before another day has passed the impurities of the blood will begin to leave your body through the liver, kidneys, bowels and skin, and in a few days you will know by your steadier nerves, firmer step, keener mind, brighter eyes and clearer skin that the bad blood is passing out and new, rich, pure blood is filling your arteries.

The same good blood will cause pimples, acne, eczema and all skin eruptions to dry up and disappear. It's a tonic and body builder.

JUNCTION NEAR OF BULGARS AND AUSTRO-GERMANS

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 27.—Communication between the Austro-German and Bulgarian armies is on the point of being established and the dispatch of munitions to Constantinople is expected to begin within a few days, according to information from Turn-Severin, Rumania, sent to the Times by its correspondent in Bucharest.

This communication is being effected in the northeastern corner of Serbia where the distance between the Hungarian and Bulgarian frontiers is only forty miles in a direct line.
The dispatch describes the Austrian occupation of Tekia, which was accomplished after a bombardment lasting many hours. Austrian troops crossing the Danube in eighty-six boats. The advance on Kladovo immediately followed. At four o'clock Tuesday morning Kladovo was in flames. The Serbians having started many fires. Refugees from Kladovo reaching the Rumanian shore of the Danube included civil authorities and several Serbian officers.

FINAL LECTURE THIS EVENING ON SOCIAL HYGIENE

The lecture on the subject of 'Superior Womanhood' was well attended by the women of Newark yesterday afternoon and all were pleased by the manner and the way in which Rev. Mr. McIntyre handled the delicate and necessary topic, education along the line of clean womanhood and its importance to humanity.

The subject of 'Sanction, the Strong Man' last night was well delivered and illustrated. The men and boys who took the time and energy to attend this lecture will have a lasting recollection of what a clean body means, as well as the awfulness caused by uncleanness. It is not about time that we as men awaken on this great subject, and make a more determined stand for clean bodies.

Rev. Lee McIntyre's lectures are scholarly and very commendable as he expresses himself on these various subjects, having given twenty years of his life to this great cause of Clean Bodies.

His lecture this afternoon at four o'clock, 'A Boy Who Could Say No,' should appeal to every boy of the 'teen age. Boys, don't miss it. Parents see that they go.

The last lecture of the series will be tonight, 'Uncle Sam in Action,' which is open and free to everybody. Hear this great subject handled by an expert at East Main Street U. B. Church.

Mr. McIntyre was heartily received at the High school this morning by the students.

Rippling Rhymes

The Long Road.
That road is long to Easy street, it's true—all winners preach it; and it you move on sluggish feet,

it's doubtful if you'll reach it; see some lads who work for hire their leader truths dragging; the smallest effort makes them tire, and all they know is lagging. They race their work with dismal croaks, and grumblings stale and wheezy; they'll never bask beneath the oaks

that line the street called Easy. The road is long to Easy street, too rough for any telling, and one must tireless be and fleet who there would have his dwelling. Oh, watch the men who there abide, the men who dance and gambol, and you will see upon each hide the scar of stone and bramble. They met disaster with a smile, their men were bold and breezy, they caulked over fence and stile, and reached the street called Easy. The sluggard who is so afraid that he too hard will labor, will loaf and languish in the shade and cuss his wimpy neighbor; and each mistime overwhelms this man with spirit cheery; he'll never rest beneath the elms that line the street called Easy.

WALT MASON.

RECOVERY FROM GRIP

The form of influenza popularly called grip lasts but a short time, is seldom fatal but causes suffering and misery out of all proportion to its importance.

The reason is this. When the acute stage of the grip is passed there often remains a neurasthenia that persists for months if not properly corrected. The patient is moody, in poor spirits, suffers lack of appetite and vigor and feels ill, disposed to work or even to enjoy life. Warmth and quiet alone give comfort and these not for long at a time. Sleep is restless and does not refresh the nerves which are always at high tension.

The best way to correct this after-effect of the grip is to build up the blood and there is no better blood builder than Dr. Williams' Pink Pills.

As soon as the revitalized blood courses through the system you are aware of its soothing influence. Gradually the color returns to the pale cheeks, appetite and digestion improve and you are on the road to health.

The free book 'Building Up the Blood' contains a chapter on the after-effects of the grip. Send now for a copy to the Dr. Williams' Medicine Co., Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail on receipt of price, 50 cents per box; six boxes \$2.50.

To Put On Flesh And Increase Weight

Most people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of the nature of the food they eat.

Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition it is well to recommend eating a Sargol tablet with every meal. Sargol is not, as some believe a patented drug, but is simply a careful combination of six of the most flesh building elements known to chemistry. It is absolutely harmless, yet has been wonderfully effective and a single tablet eaten with each meal often, according to reports of users, has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by the T. J. Evans Drug Co., and W. A. Erman, 33 North Third Street and other good druggists everywhere on a positive guarantee of weight increase or money back.

BRYAN CONTINUES A SPEAKING TOUR FOR A DRY OHIO

(ASSOCIATED PRESS TELEGRAM)
London, O., Oct. 27.—Continuing his plea for a dry Ohio, former Secretary of State William J. Bryan delivered here this morning the first of a series of speeches he was to make today in the central and northwestern parts of the state.

"I have been interested in reforms and have seen a number of reforms grow, beginning amid denunciation and growing until the nation has accepted them but I have never seen a reform grow so rapidly as the prohibition cause," said the speaker. "The cause is certain to succeed. You may delay it but you cannot prevent it."

Other towns in which Mr. Bryan will speak in behalf of the proposed state-wide prohibition amendment are Springfield, Urbana, Bellefontaine, Kenton, Findlay, Bowling Green, and Toledo.

The Bryan party, traveling on a special train came here from Columbus, where last night Mr. Bryan was the principal speaker at what was declared to be one of the largest temperance meetings ever held in Ohio.

CORN SPECIAL THIS YEAR TO START NOV. 29

This year's Buckeye Corn Special Tour will prove the biggest and best of all, according to the claim of T. R. Riddle, of Lima, who has just returned from the East where he spent a week in making the preliminary arrangements.

Mr. Riddle's report to the Board of Agriculture states that all the major items of last year's itinerary will be duplicated and that a number of high class new attractions will be added. An announcement of the details of the itinerary is promised a month or longer in advance of the tour.

Monday, November 29, is the date definitely fixed for the start. Seven special trains, composed of standard steel Pullman sleeping cars, are contemplated for the transportation of the Buckeye Corn Special party. These special trains will originate at various points in Ohio and will assemble in Pittsburgh and move over the Pennsylvania lines as heretofore.

The cost of this year's tour has not been definitely determined but Mr. Riddle has expressed the belief that it will not exceed fifty dollars for boys and girls and sixty dollars for adults.

The Buckeye Corn Special Tour has developed into a great state excursion in the interest of education and patriotism. These tours, originally, were intended merely to accommodate the winners in the various junior contests, but in response to a popular demand, the public is now accorded an opportunity to enjoy this week of educational and inspirational travel.

STRIKER SHOT AT CHICAGO IN A STREET RIOT

(ASSOCIATED PRESS TELEGRAM)
Chicago, Oct. 27.—Police reserves were scattered throughout the clothing manufacturing district today, to quell any disorders growing out of the killing last night of Samuel Kapper, a striking tailor, who was shot to death during a street riot.

Samuel Siegel, a striking tailor, and two other men who were wounded during the fighting were reported today as being out of danger. All will recover, it was said.

There have been twenty-eight persons injured and one killed in fights between union and non-union crowds since the strike started five weeks ago. Clubs, revolvers and even acid have been used, as weapons, and in many of the encounters the attackers have been girls and the victims girls, and women.

BULGARIANS ARE DRIVEN OUT OF PART OF SERBIA

(ASSOCIATED PRESS TELEGRAM)
Saloniki, Oct. 26.—Via Paris, Oct. 27.—The Bulgarians have been completely driven out of Serbia on a line extending from the French sector to Krindalo and Lukedovan. They have been pushed back also from Veles to the outskirts of Istip, probably rendering their Kumanovo-Vranya line untenable owing to the menace of a Serbian attack on both sides.

Offensive operations against Nish have not proceeded beyond Piro. The Austro-Germans are making the most violent efforts but their progress is extremely slow. The city of Nish is tranquil and seems to be in no immediate danger. The government archives and the foreign legations have been moved only as far as Kraljevo where they are awaiting developments.

Crown Prince George arrived at Saloniki this afternoon.

CALIFORNIA WANTS STATE OFFICES TO REMAIN PARTISAN

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Oct. 27.—Returns early today from yesterday's state election indicated that the proposition to make all state offices non-partisan had been defeated by a majority of about 20,000. Nine constitutional amendments met a similar fate, the vote having been remarkably tight.

The defeat of the non-partisan measures, against which the referendum was invoked after they had been passed by the legislature last spring, caused surprise. They were the principal measures advocated by Governor Hiram W. Johnson at the legislative session and in their support he conducted a vigorous campaign.

SERBIAN HARBORS IN POSSESSION OF BULGARIAN ARMIES

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 27.—It is semi-officially announced in Berlin, says a dispatch from Rotterdam to the Daily Telegraph, that all the important harbors in eastern Serbia on the Danube are in possession of the Bulgarians, and that further access for the Serbians by way of Rumania is therefore topped.

The Serbian town of Raduievatz was completely destroyed in the fighting and Monastir is being evacuated by the Serbians.

A dispatch to the Lokal Anzeiger asserts that the Serbian fortress of Piro is completely surrounded.

BULLET RIDDLED BODIES FOUND OF MAN AND HIS WIFE

(ASSOCIATED PRESS TELEGRAM)
Lexington, Ky., Oct. 27.—John Pace and wife were found dead in bed, at their home on Bullskin Creek, Leslie county, early today.

Each of the bodies having been riddled with bullets according to reports reaching here from officers of that county.

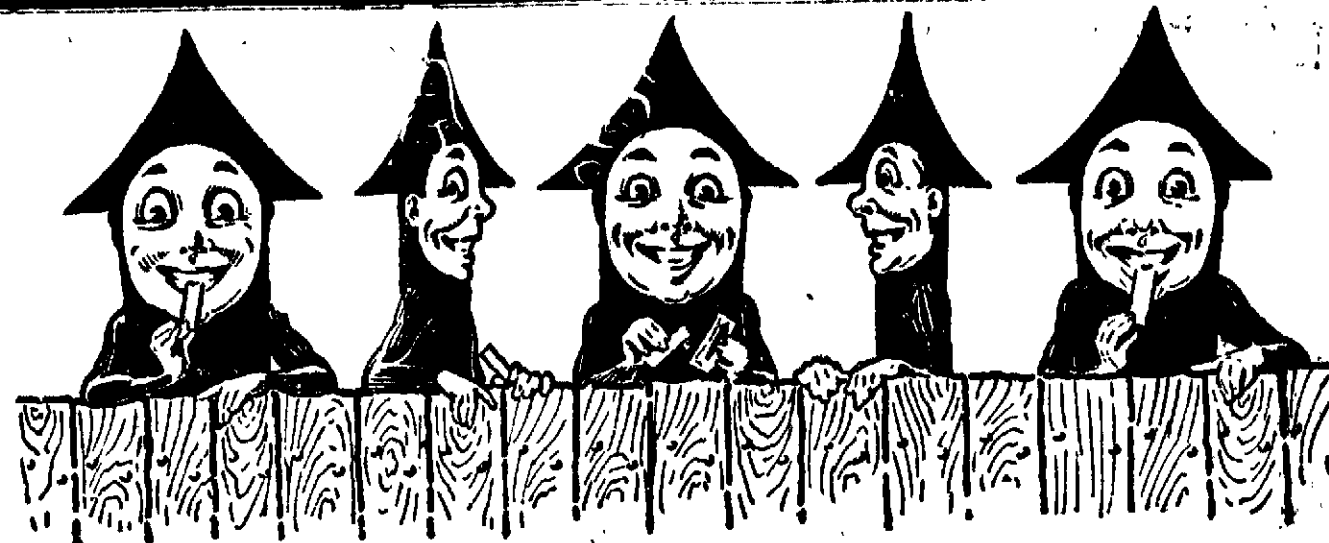

According to the officers, the shots had been fired through a window while the couple was sleeping. Mr. Pace was a prosperous farmer and was not known to have any enemies.

In the Japanese navy an admiral gets the same allowance for food as his enlisted sailors.

OUR YOUNG WOMEN

are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone, makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store. Scott & Bovey, Bloomfield, N. J.

NO STOMACH PAIN,
GAS, INDIGESTION
IN FIVE MINUTES

"PAPE'S DIAPYPSIN" IS THE
ONLY REAL STOMACH REG-
ULATOR KNOWN.

"Really does" put bad stomachs in
order—"really does" overcome indig-
estion, dyspepsia, gas, heartburn
and sourness in five minutes—that
—just that—makes Pape's Diapypsin
the largest selling stomach regula-
tor in the world. If what you eat
ferments into stubborn lumps, you
belch gas and eructate sour, indig-
ested food and acid; head is dizzy
and aches; breath foul; tongue coated;
your insides filled with bile and
indigestible waste, remember the
moment "Pape's Diapypsin" comes in
contact with the stomach all such
distress vanishes. It's truly aston-
ishing—almost marvelous, and the
joy is its harmlessness.

A large fifty-cent case of Pape's
Diapypsin will give you a hundred
dollars' worth of satisfaction or
your druggist hands you your money
back.

It's worth its weight in gold to
men and women who can't get their
stomachs regulated. It belongs in
your home—should always be kept
handy in case of a sick, upset stom-
ach during the day or at night. It's
the quickest, surest and most harm-
less stomach regulator in the world.

CAR CRUSHED
TWO LABORERS;
BOTH ARE DEAD

(ASSOCIATED PRESS TELEGRAM)
Toledo, Oct. 27.—George Posen
36, and Stephen Sikes, 24, this city,
are dead as the result of being
crushed by an ore car at the Toledo
furnace company yesterday evening.
They were standing on framework
100 feet high, repairing pipe when
the car running perpendicularly on
cables was lowered following a mis-
understanding in signals. The mis-
taken operator turned on the power
controlling the movement of the ore
container at the top. It descended
rapidly before the workmen could
swing themselves out of its path.
Posen and Sikes were squeezed
against the shaft.

CAUSED SEARCH
OF MANY HOURS

Ben B. "Pop Geers" Jones, clerk
to the board of county commis-
sioners, was forced to buy the good
cigars for a number of his friends
this morning and also to undergo a
good deal of cursing when a story
leaked out regarding the purchase of
twenty-six feeding steers in Coshoc-
con county and the trouble he had in
driving them to his farm west of
this city.

The steers were driven overland
yesterday afternoon by Mr. Jones and
assistants and in crossing the
Pennsylvania railroad ten or twelve
miles east of this city the steers be-
came frightened at a passing train
and broke for a dense woods. After
an hour's hard work in which Mr.
Jones displayed some real western
cowboy stunts, the steers were
rounded up and the animals taken
to the Jones farm. Then a count
was made and it was found that in-
stead of twenty-six steers there were
only twenty-five. That is where the
joke came in for Mr. Jones' friends
persist in asking him why he didn't
make the count when he rounded
the animals up in the woods. Of
course he didn't mind the trip back
to the country and the searching of
the woods and stopping at every
farm house and inquiring if any one
had seen a lonely little red steer,
but it is a well known fact that he is
very fond of holding the reins over
the back of a fast stepper, but he
did mind the five or six miles that
he was forced to walk in his search
for his missing property. The lost
animal was found and Mr. Jones
states that the next time he pur-
chases any steers he will tag them
all and count them at every milepost
that he passes.

**OUCH! LUMBAGO!
RUB PAINS FROM
SORE, LAME BACK**
Rub Backache away with small trial
bottle of old, penetrating "St.
Jacob's Oil."

Back hurt? You can't straighten
up without feeling sudden pains,
sharp aches and twinges? Now listen!
That's lumbago, sciatica or
maybe from a strain, and you'll get
relief the moment you rub your back
with soothing, penetrating "St.
Jacob's Oil." Nothing else takes out
soreness, lameness and stiffness so
quickly. You simply rub it on your
back and out comes the pain. It is
harmless and doesn't burn the skin.
Limber up! Don't suffer! Get a
small trial bottle of old, honest "St.
Jacob's Oil" from any drug store,
and after using it just once, you'll
forget that you ever had backache,
lumbago or sciatica, because your
back will never hurt or cause any
more misery. It never disappoints
and has been recommended for 60
years.

SUPREME COURT
WILL DEFINE A
"KNOWN GAMBLER"

CASE CAME UP FROM CINCIN-
NATI RESULTING FROM A
POLICE RAID.

Clenbening, Ousted Liquor License
Commissioner, Will Go to Court
Friday or Saturday.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Oct. 27.—Can a man
be convicted of being a "known
gambler" without more evidence
than the finding of gambling para-
phernalia in his possession? The
supreme court today heard argu-
ments on this question and was told
the case, which was brought up
from Cincinnati, was of great impor-
tance to all police authorities in the
state.

Sam Hirsch of Cincinnati, sought
reversal of the verdicts of the Cin-
cinnati municipal court and the
court of appeals, finding him guilty
of violating the Cincinnati ordinance
which makes it a misdemeanor to be
a "known gambler." His place was
raided by police two months ago and
a quantity of better's equipment
was found. On this evidence he was
convicted, and fined \$50. He
contended conviction should be se-
cured only on proof of actual gam-
bling, and that such a raid should be
made without warrant.

Announcement was made today
that the fight of Byron M. Clenden-
ing, member of the state liquor
licensing board, to retain his office
from which he was declared ousted
by Gov. Willis last week after a
hearing, will be started in the su-
preme court either Friday or Satur-
day this week. Mr. Clendening will
file suit in mandamus to secure his
pay, which has been withheld since
the governor issued his removal
order.

It was considered improbable to-
day that Gov. Willis would name a
successor to Mr. Clendening unless
the McDermott license law is reject-
ed at the referendum election next
Tuesday.

Arguments will be heard by the
supreme court tomorrow morning
on the case involving the right of
the state licensing board to proceed
with hearing charges against the 14
members of county boards.

The right of an Italian consul in
this country to act as administrator
for Italians who die here without
near kin in this country, was the
subject of argument before the su-
preme court today, based on four
cases from Lorain county and one
from Trumbull county, in which Dr.
Nicol Cerri, Royal Italian vice con-
sul for the northern district of Ohio,
contends for this privilege. He had
won in the Trumbull county case but
lost in those from Lorain county.

His contention was that under
the "most favored nation" clause of
the consular treaty between the
United States and Italy in 1878, he
should be allowed to act as admin-
istrator for his countrymen who die
intestate. He claimed equal rights
with Swedish consuls here since
Sweden now is considered the "most
favored nation" in its consular rela-
tions with the United States.

In opposition, counsel for the ad-
ministrators whom Cerri is trying to
oust, contended that even Swedish
consuls now have not exclusive au-
thority to act as administrators for
the estate of their countrymen who
die without nex of kin in his coun-
try.

STATEMENT
(Continued from Page 1.)
off the minister in order to conceal
the sentence by which means he was
robbed of the possibility of interven-
tion on behalf of Miss Cavell. The
sentence being hastily executed in
the meantime. Further, Sir Edward
Grey stated that the German authori-
ties had not kept the promise given
to the American minister to inform
him about the course of the proceed-
ings.

"The German authorities never
gave such a promise, this being ad-
mitted by the United States minister
in Brussels. The minister further
states that he was most painfully af-
fected by the publications and will
immediately inform the ambassador
in London and the United States
government."

Gov. Ferguson.

It is positively known that Gov.
Ferguson of Texas intends to call
out the Texas national guard to
maintain order at the border unless
a large number of additional federal
troops are sent there. This the gov-
ernment has practically refused, ow-
ing to the report by General Funston
that only a slight increase in the
number was necessary.

ENTHUSIASM RAMPANT AT CLUB MEET

The best attended meeting ever held at the Licking County Democratic club took place last evening in their headquarters, on South Third street, all of the rooms being crowded to the doors and a number were forced to stand in the hall.

Prot. O. C. Larason, president of the club, presided, and Secretary Roderic Jones kept the minutes of the meeting. President Larason made a splendid talk, telling of the excellent character of the Democratic candidates, their fitness for office and of the encouragement which the ticket is receiving.

Mr. Larason next called on Attorneys Phil Smythe, Roderic Jones and Frank Bolton. These gentlemen are all deeply concerned in the success of the ticket and they made splendid talks which were greatly appreciated by the large crowd present. Others were called upon and told of how the campaign was progressing in the section of the city in which they resided.

Mr. Frank Slabough, Democratic candidate for mayor, was next called upon and he entertained his auditors at some length. As is well known by nearly every man in the city, Mr. Slabough is not only an eloquent talker but he is a brilliant orator as well, and while he made no attempt at oratorical ability he talked so entertainingly of the progress of the campaign and was very sanguine of the final result.

A spirit of optimism prevailed throughout the evening and never before in the history of a municipal campaign has there been such interest taken as at the present time. It is foretold in advance what the result will be an overwhelming majority for all the Democratic candidates.

"INVADING" FLEET WAS SUNK OUTSIDE NEW YORK HARBOR

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 27.—A fleet of "hostile" warships, which attempted to invade New York harbor last night in a raid, came had been the "Invading" fleet today off the entrance to the harbor. A defending fleet, which had been on watch for the invaders, however, was first destroyed before they discovered that the enemy was upon them. Then the guns of Fort Hancock, Hamilton and Westworth opened on the invading fleet with dark shots and searchlights played upon the vessels, which were trying to enter the harbor under cover of darkness. Several of the enemy warships were sent to the bottom theoretically and the others withdrew.

NEW BETHEL

The temperance meeting given by the young people of the New Bethel and school land churches, was greatly attended and a good program was rendered, consisting of special songs and essays on How and Why Exterminate the Saloon. Mr. and Mrs. S. A. Grandstaff and daughter Leola entertained Sunday the following guests: Mr. and Mrs. George Grandstaff and Mr. and Mrs. Allen Carpenter of Clinton, Mr. and Mrs. Fred Glaze and children Wilmet and Carey Raymond, Mr. Doug Grandstaff and Miss Iva Debold.

Mr. Burne Day, who has been sick the past two weeks with rheumatism, is a little better.

Re. H. D. Wickens, Mr. and Mrs. D. S. Davis, Mr. Joe Davis were Sunday guests of Mr. and Mrs. Truman Day.

Mrs. Sarah Ann Day spent a few days last week with relatives in Sunbury.

FEED CHILDREN.

On Properly Selected Food. It Pays Big Dividends.

If parents will give just a little intelligent thought to the feeding of their children the difference in the health of the little folks will pay many times over, for the small trouble.

A mother writes: "Our children are all so much better and stronger than they ever were before we made a change in the character of the food. We have quit using potatoes three times a day with coffee and so much meat."

"Now we give the little folks some fruit, either fresh, grown or canned, some Grape-Nuts with cream, occasionally some soft boiled eggs, and some Postum for breakfast and supper. Then for dinner they have meat and vegetables."

"It would be hard to fully describe the change in the children, they have grown so sturdy and strong, and we attribute this change to the food elements that I understand, exist in Grape-Nuts and Postum."

A short time ago my baby was teething and had a great deal of stomach and bowel trouble. Nothing seemed to agree with him until I fed Grape-Nuts softened and mixed with rich milk and he improved rapidly and got sturdy and well."

"There's a reason!" Name given by Postum Co., Battle Creek, Mich.

Every read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

MASSACRE

OF WHITE INHABITANTS OF HONG KONG AS THEY LEFT CHURCH

Was Planned by Indian Troops and Frustrated by the Arrest of 42 of the Leaders.

(ASSOCIATED PRESS TELEGRAM) San Francisco, Oct. 27.—An uprising of Indian troops which had for its object the massacre of all white inhabitants of Hong Kong, China, as they came out of the churches, was stopped only a few hours before it was to break, by the arrest of 42 Indians, according to statements here today by passengers arriving on the steamer Nippon Maru from Hong Kong.

A chance remark dropped by one of the conspirators, a clerk in the French consulate at Canton, and a pensioner of the British government, is said to have led to the detection of the plot which was to have been carried out in effect three weeks ago last Sunday. He was arrested, taken to Hong Kong and there gave the names of 41 other Indians in the colony, who were to start the massacre by shooting down the whites as they left church.

The forty-two according to the report by Nippon passengers, were arrested immediately. Each was found to be fully armed and each had in his possession 25 English sovereigns the same amount found on the Singapore matineers several months ago. It was charged, according to the passengers that the money was furnished by a German banker in Hong Kong. However, it was said no attempt had been made to arrest this man up to the time the Nippon Maru sailed.

The 42 conspirators were sent to India to be tried in the courts of their own land.

NEWARK WOMAN'S GRATEFUL WORDS

MOTHER OF 10 CHILDREN TELLS WHAT NERV-WORTH DID FOR HER HEALTH.

"Stomach trouble, nervousness, and sleeplessness have had heavy burdens on my health and comfort for years. Indeed, until I began taking Nerv-Worth I had suffered with nervous troubles nearly all my life. I am the mother of ten children, seven girls and three boys, and my nerves gave out and although I doctored with many physicians, none seemed to do me any good. With Nerv-Worth it was different. One bottle of that wonderful medicine has given me better rest at nights than I have had for years. I do not wake up at intervals as I used to, but sleep the whole night through, thanks to Nerv-Worth. In three weeks Nerv-Worth has done me more good than anything else. I am now taking my second bottle of it, as my case was a bad one, and I want all the lasting results that are possible."

This is the telling written statement given by Mrs. Ella Varney of 271 North Fourth street, Newark. Her gratitude as a Nerv-Worth user is manifested in the foregoing. Others are following Mrs. Varney's example in thanking Nerv-Worth.

T. J. Evans, Warden Block, sells Nerv-Worth. Dollar back if it doesn't help you. Free sample dose.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up, and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water-drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

TRIAL FOR KILLING HIS GRANDMOTHER.

(ASSOCIATED PRESS TELEGRAM) Bowling Green, O., Oct. 27.—Testimony was submitted today in the murder case of John Wiley, who is on trial for the killing of his grandmother, Mrs. Eva Kimble, slain in her home at Gibsonburg, February 12 last.

Yesterday afternoon the judge, defendant, attorneys and jurymen visited the scene of the crime on the Kimble farm near Gibsonburg. Joel Kimble, husband of the murdered woman, was seriously beaten at the time his wife was killed but recovered.

LOLLER BOUND OVER TO THE GRAND JURY

Charles Loller of Denison, O., who is charged with assault with intent to kill, the affidavit having been sworn to by Chas. K. Patterson, had his hearing this morning before Justice F. S. Scott and was bound over to the grand jury in the sum of \$500. He gave bond for his appearance at the next term of court.

Patterson charges that Loller ran into him on the Jacksonville road, the former driving a motorcycle with side car and the latter an automobile. The trouble occurred near Jacksonville on Aug. 4, and Patterson received severe injuries. The plaintiff alleges that he was within his rights and had pulled to the side of the road to give Loller a chance to pass him.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and Brush It Through Your Hair, Taking One Strand At a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

SEYMOUR CASE CONTINUED TO TUESDAY NEXT

W. F. Seymour, charged with embezzlement of 167 pairs of shoes and \$35 in money from the Rosenbach shoe store, of which he was former manager, was brought before Justice Fletcher S. Scott yesterday afternoon at 4 o'clock and through his attorney J. F. Lingafelter, asked that his hearing be continued until next Tuesday, stating that he thought he would be able to secure bond within a couple of days. The request was granted and the preliminary hearing will take place at that time.
